How to have a Televisit

*Note: you must have the **Healow** app installed on your smartphone or tablet device. Depending on your device, you may need to give permission to the app to access your camera and microphone.*

To do a Televisit follow these steps:

1. **Schedule an appointment** by calling our office at (214) 814-1550. Make sure to specify that you are requesting a televisit.
2. At the time of your scheduled appointment, **log in to the Healow app** on your smartphone or tablet device.
3. Click on **APPOINTMENTS** (red wedge at the top of the screen).

4. Click on the **Televisit camera icon** at the upper right of the screen.

5. Click on **Start TeleVisit** at the bottom of the screen. If desired, you may enter vital signs at this time, or just click "submit" at the bottom of the screen.

6. Click once again on **Start TeleVisit**. The doctor will then be notified that you are waiting and will join the visit shortly.
